Dry Docks Career In Dubai

## About Drydocks World

Drydocks is a dry docks facility in Dubai, United Arab Emirates, near Port Rashid. The construction of Dubai Drydocks began in 1971, and the facility was completed in 1983. The yard has repaired over 6000 boats and completed over 70 new ship projects since it started. It is the largest facility of its kind in the Persian Gulf, with the largest floating crane in the region. When applying for a position at Drydocks World, you must have a thorough understanding of the firm. Drydocks World has been the premier provider of marine and offshore facilities to the maritime, oil, gas, and energy industries for the

past 33 years.

## Qualification/ Experience & Skills

- A bachelor's degree in marine, mechanical, or naval architecture is required.
- Marketing and company development training is available.
- 10 to 15 years of experience in the marine and offshore industries, or in big oil/EPC firms, with at least 3 years in a similar role.
- Experience working in a shipyard or offshore construction site that can convert and fabricate vessels.
- EPC Contractors, Oil Companies, and Customers have extensive expertise and experience across the world.\
- Developed relationships with EPC contractors, oil companies, and customers all around the world.
- Working in a reputed shipyard or offshore fabrication plant in a comparable position.
- Technical phrases connected to offshore and new construction operations are familiar.
