About Occidental Petroleum Corporation:

Occidental of Oman, Inc. (Occidental Oman) is a fully owned subsidiary of Occidental Petroleum Corporation (NYSE: OXY), a global oil and gas exploration and production corporation and one of the largest oil and gas firms in the United States by market capitalization. For more than 30 years, Occidental Oman has operated in the Sultanate of Oman (“Oman”). Occidental Oman is dedicated to meeting operational objectives and offering possibilities for Omani people in the regions where we operate as a preferred partner.

Occidental Oman collaborates with the Government of Oman and local communities to achieve sustainable development by focusing on the environment, the health and safety of our workers and communities, as well as education, training, and development. The Mukhaizna Field in southern Oman, as well as the Safah, Wadi Latham, and Habiba fields in northern Oman, are where Occidental Oman’s activities are centered. Occidental Oman has expanded output and reserves during the course of its more than 30-year presence in Oman, and it is now the country’s second-largest oil producer.

Job Description:

The HES System Improvement Manager will support the Oxy Oman Technical Services Teams in the areas of health, environment, and safety. Drilling, well completions, well maintenance, and production activities, as well as associated equipment, will be the key emphasis in support of Oman’s growth.
